Professional Experience

DIY Media Group (BookBaby) | Pennsauken, NJ | 1/2018 – 7/2025

Ebook Conversion Operator 2021 – 2025

- Converted manuscripts and design assets into eBook formats, validating data integrity across digital platforms.
- Created and maintained detailed metadata and production logs, ensuring traceability for all client projects.
- Collaborated with QA teams to improve workflow documentation and error-tracking systems.

Customer Support Representative 2018 – 2021

- Provided front-line support to authors and publishers, troubleshooting website and upload issues via Zendesk and internal CRM systems.
- Developed an automation script using Python web scraping and Zendesk API integration to send client follow-ups, reducing a 2-hour manual process to 5 minutes.
- Documented recurring technical issues to inform system improvements and enhance customer experience.

Direct Support Professional | Hopeworks Camden | Camden, NJ | 12/2017 - 10/2023

- Supported client goal-tracking and maintained accurate documentation aligned with organizational policies.
- Promoted skill development and engagement through structured data and behavioral monitoring.

Billing Analyst | Hotwire Communications | Philadelphia, PA | 6/2015 - 4/2017

- Audited and reconciled billing records for large customer accounts, identifying and resolving data discrepancies to ensure invoice accuracy.
- Partnered with operations and finance teams to improve process efficiency, reducing recurring billing errors by 15%.
- Managed sensitive customer and payment data in compliance with corporate policies and security standards.

Collections Representative | Finance Sector | Cherry Hill, NJ | 1/2006 - 6/2015

- Conducted detailed financial reviews to assess repayment options and support data-driven collection strategies.
- Maintained compliance with federal and state regulations while managing high-volume communication queues.
- Consistently achieved performance targets through accuracy, empathy, and clear documentation.
